

### Mission: Multiplication and Division

Recall and use multiplication and division facts for the 6 times table

Recall and use multiplication and division facts for the 12 times table

Recall and use multiplication and division facts for the 9 times table

Recall and use multiplication and division facts for the 11 times table

Recall and use multiplication and division facts for the 7 times table

### Mission: Division

Halve numbers

Divide whole numbers and those involving decimals by 100

Use place value and known facts to divide mentally, eg 5.6 divide by 8.

Divide 3 digit numbers by 1 digit numbers using efficient methods

Saturn

### Mission: Place Value

Round numbers to the nearest 10, 100 or 1000

Round numbers with 1 decimal place to the nearest whole numbers

Order decimal numbers and position them on a number line

Order numbers beyond 1000 and position them on a number line

### Mission: Multiplication

Multiply 3 digit numbers by 1 digit numbers using efficient methods

Use place value and known facts to multiply mentally, eg  $0.7 \times 8$

Multiply whole numbers and those involving decimals by 100

Double numbers

### Mission: Subtraction

Choose appropriate written or mental methods to subtract numbers

Round and adjust to subtract numbers including decimal numbers

Find the difference between two numbers including decimal numbers

Use number facts to subtract eg  $1.3 - 0.7 = 0.6$

### Mission: Addition

Choose appropriate written or mental methods to add 4 digit numbers

Round and adjust to add numbers including decimal numbers

Choose appropriate written or mental methods to add decimal numbers

Use number facts to add eg  $0.6 + 0.7 = 1.3$
